COVID-19 Information

Given the importance of our current public health environment, I'd like to share an important update about Augustus Funeral Home's response to COVID-19.

Funeral Rites and Ceremonies Permitted:

- Grave side services with social distancing with 25 persons max
- Visitation at our chapels will be reduced to no more than 25 persons at any given time inside the building.
- Funeral Services can be held in the Churches at the total occupancy capacity allowed by law.
- At graveside and church services , we should **Social Distance** between persons not in same house hold at a minimum distance of 6 feet, facemask (nose and mouth) protection is required for personal safety of all attendees.

Travelers will be lawfully permitted to attend our premises for visitation or funerals after following their individual Bermuda quarantine health laws.

Funeral Arrangements

- We have been asked to reduce the risk of transmission of Covid-19 and we ask that families only visit our offices on appointment only
- When arriving at our office for arrangements we request no more than 3 persons be in attendance. Mask must be worn at all times during the initial meeting and any additional visits to our offices thereafter.

Our Facilities

We have implemented several preventative measures due to growing concerns regarding COVID-19 infections. We will also continue to consult with the Bermuda Government and Bermuda Department of Health and take additional preventative actions as deemed necessary. We apologize for the inconvenience to any families affected by these new measures which have been put in place to ensure the safety, health and well-being of all.

Sincerely David E Augustus
