COVID-19 Information

Given the current health environment, I'd like to share an important update about Augustus Funeral Home's response to COVID-19. We have listened to the following advisories posted by the Bermuda Government, Bermuda Department of Health, (WHO) World Health Organization and (CDC) United States Center of Disease Control.

With this updated knowledge of this virus impacting our community and communities around the globe, we are going to adjust the way we care for your loved one.

Funeral Rites and Ceremonies

- Grave Side services with Memorial Services in the near future
- Direct Burials after private chapel viewing (persons less than 10)
- Cremations after private viewing in chapel (persons less than 10)
- Direct Cremations with Memorial Services in the near future
- Social Distancing between persons shall be will at a minimum distance of 6 feet

Funeral Arrangements

- We have been asked to reduce the risk of transmission of Covid-19 and we ask that families only visit our offices on appointment only
- When arriving at our office for arrangements we request no more than 2 persons be in attendance.

Our Facilities

We have implemented several preventative measures due to growing concerns regarding COVID-19 infections. We will also continue to consult with the Bermuda Government and Bermuda Department of Health, and take additional preventative actions as deemed necessary.

We apologize for the inconvenience to any families affected by these new measures which have been put in place to ensure the safety, health and well-being of all.

Sincerely David E Augustus
